Vive la France!

1. Why did Pierre Jacques Marseille feel at home in a bakery?

2. What do they call the famous French general who kept dynamite in his kitchen?

You've probably heard about the guy who fell off a bridge in Paris. He went in Seine. To find out about two other French citizens: Solve each equation below and find your solution in the code. Each time the solution appears, write the letter of the exercise above it.

\[
\begin{align*}

\text{O} & \quad 4x + 2 = 14 \\
\text{C} & \quad 9y + 10 = -8 \\
\text{E} & \quad 2a - 15 = -1 \\
\text{T} & \quad -5x + 7 = 27 \\
